Look, you are in the people business. You're good at what you do and your clients trust you. You are in a position to give good professional advice.

Wouldn't they also trust you to recommend where they get their insurance? Of course they would.

Wouldn't it be great to get a second income stream from that? Great, but I am way too busy with my current efforts as a realtor, loan officer or working in title.

HERE IS YOUR SOLUTION !!!!!

I have a plan that will let you build residual income in insurance without doing the insurance work yourself. Think about a few years from now when you have sent us 500 clients under your name and were paying you \$65,000 a year.....**INDEFINITELY !!!!!**

You really need to call me to talk about this, you will really be happy you did. Do it now, call me.....
